Forecast For Wales
Issued by Met Office Exeter
at 0400 on Sunday 05 Sep 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Mostly dry with some sunny spells. Hot early next week.

Today:
A fine and generally dry day with variable amounts of cloud and sunny spells. Western areas could receive a few light showers later. Feeling warm with light winds. Maximum temperature 24 deg C (75 deg F).

Tonight:
The night will start off dry with some clear spells. Low cloud will move in through the early hours, causing drizzle and foggy conditions down to relatively modest elevations. Minimum temperature 13 deg C (55 deg F).

Monday:
Low cloud and drizzle will clear through Monday morning to leave a sunny and dry afternoon. Feeling very warm or locally hot, with light winds. Maximum temperature 26 deg C (79 deg F).

Outlook for Tuesday to Thursday:
Early fog patches quickly clearing to sunshine on Tuesday. Initially sunny but breezy on Wednesday, then scattered showers possible, some heavy. Sunshine and showers on Thursday. Very warm or hot.
